

on\_message\_M005\_EXT  
\_Brake\_Pedal

```
graph LR; A[on_message_M005_EXT_Brake_Pedal] --> B[HandleBrakePedalMessage]
```

A diagram showing a call from a function to a message handler. On the left, a gray rectangular box contains the text 'on\_message\_M005\_EXT' on the first line and '\_Brake\_Pedal' on the second line. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'HandleBrakePedalMessage'.

HandleBrakePedalMessage
